How to Turn your Photo Story in to Your Teacher

1 Create a Windows Media File (.wmv) of your photo story.

From your Photo Story, click **Next>** until you come to the fifth and final screen (titled **Save your story**). Follow the instructions below:

😤 Photo Story 3 for Windows	
Save your story	
What do you want to do with your story? Activities:	Step 1: Browse to a location to
Save your story for playback on your computer	save this file (Tip: save it in your photo story folder)
Save your story for playback on a Pocket PC with Windows Media Player 10	Step 2: Name your file.
Save your story for playback on a Smartphone with Windows Media Player 1 Learn more about the selected activity	Step 3: Click "Save"
Check for more story activities on the Microsoft Web site	
File name Specify the location and file name of your story: My Videos PhotoStory1.wmv Browse Quality Settings Profile: Profile for computers - 2 (640x480) Description: Recommended if the story is going to be played full screen or processor, 256MB of RAM or higher). Video size: 640x480	Step 4: Click "Next" and a .wmv file will automatically be created. This is the one your send or share with your teacher.
